Dates: 19-28/03/2022

8 training days

Villa Gabriella International

Via Tommaso Campanella 25, Satriano marina/Soverato

The structured training takes place in Villa Gabriella International which is also the lodging place for our International guests. The Villa is not just our headquarter, it's a lovely place created as a social project by JUMP and C.T.E. SRL to recover and modernize the old style villa making it "living" again with an international atmosphere. The district of "La cittadella" (formally in Satriano marina) is in the beautiful valley of the olive trees, surrounded by green spaces, it's peaceful and safe. Yes, it takes 10 minutes walk to go to the city center and to the beach, but, living and learning at the villa means to be immersed in the local culture and contribute to valorise this area, contributing to the development of the sustainability of JUMP-C.T.E. structure. In the lodging services are included local transfers and excursions! Sometimes some nice surprises for the team. Being lodged here you will always have our assistance and support.
